

Teamwork and Patient Safety

Over a decade ago international calls were made for a threshold improvement in patient safety. Recent years have seen substantial safety improvements in certain areas, and teamwork communication is key to this success

Centre for Medical & Health Sciences Education (CMHSE) Full Day Symposium 2013

22 March 2013

Venue: University of Auckland

Cost \$290.00

Keynote Speaker: Prof Lorelei Lingard

Professor Lingard is a well-known and widely regarded world expert in multidisciplinary collaboration and teamwork in health care. Her areas of expertise include understanding the connection between teamwork failures and surgical complications, inter-professional relations in clinical teams and effective handover during the patient care journey. She is Director of the Schulich School of Medicine and Dentistry Centre for Education Research and Innovation, and Professor in the Department of Medicine, Schulich School of Medicine and Dentistry, University of Western Ontario.

Other expert participants in the Symposium day:

Prof Alan Merry	<i>Board Chairman of the Health Quality and Safety Commission</i>
Mr Ian Civil	<i>Clinical Lead for the NZHQSC peri-operative harm programme</i>
Dr Leona Wilson	<i>Chair of the Peri-operative Mortality Review Committee</i>
A/P Jennifer Weller	<i>Head of Centre for Medical and Health Sciences Education, UoA</i>
Dr Penny Andrew	<i>Waitemata Clinical Leader for Quality</i>
A/P Simon Mitchell	<i>Head of Department of Anaesthesiology, UoA</i>
