

Frontline Ownership Workshop

with Dr Michael Gardam

HEALTH QUALITY & SAFETY
COMMISSION NEW ZEALAND

Kupu Taurangi Hauora o Aotearoa

When: Tuesday 1 September 2015, 1-4pm

Where: Napier War Memorial Conference Centre, Napier

This free, interactive workshop will enable participants to develop and implement solutions for tackling local hand hygiene challenges.

The workshop is suitable for everyone in the health care sector.

Dr Michael Gardam is physician director of Infection Prevention and Control Canada and the national lead of infection prevention and control collaboratives for Safer Healthcare Now! He is a pioneer of behavioural change approaches, including 'positive deviance' and 'frontline ownership' to improve patient safety.

Michael is familiar with hand hygiene in New Zealand and presented at the national hand hygiene improvement workshop in June 2014. Many participants cited his session as one of the best they attended.

'An inspiring speaker who makes me want to come back next year and show everyone what we have achieved!'

Dr Michael Gardam MSc, MD, CM, MSc, CIC, FRCPC

Places at the workshop are limited.
