

Theming and prioritising change ideas

Connecting Care Co-design workshops

November 2018

This presentation

- Introduce you to the Impact and Effort matrix
- How to apply it
- How to enhance your efforts and the impact of your change ideas

Change ideas

- You have generated change ideas through your co-design processes
- Connecting Care change ideas may involve:

Discharge letter

Contacting the family

Speaking with the patient/consumer

Finding out about the home situation

Arranging for a support worker

Grouping your ideas

People

Plant (facility)

Procedures

Policies

Processes

Physical environment

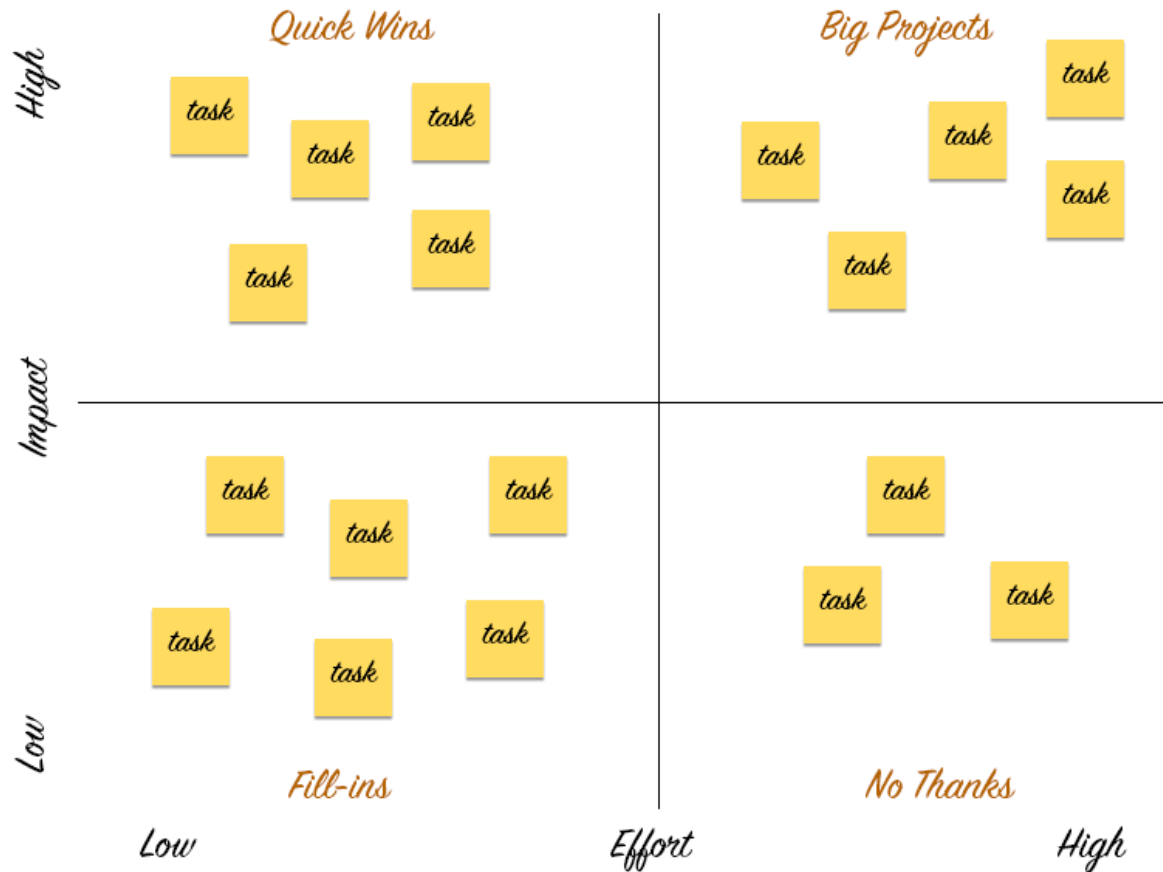

PriceProblems

The matrix
